

# June of 2013 DDOS ATTACKS!

Hello,

My name is Tomas, I am BalticServers sales director. I would like to tell you that we got a lot of upgrades in our Data Center during last month:

## **BANDWIDTH:**

From now, we are offering double bandwidth speed by default (200Mbps).

## **DDOS ATTACKS:**

We upgraded our network, tools and equipments. We started partnership program with companies like CloudLayer and Cloudflare. So I am sure that it will help our current and new clients.

## **OUR ADVANTAGES:**

- Custom servers for best prices.
- Automatized servers install process.
- Friendly support.
- Smart ticket system and real online support.

## **BEST OFFER TO YOU!**
