

Abuses

How do you react to DMCA complaints?

We at Baltic Servers (Cherry Servers company) do not tolerate copyright infringement.s Upon receiving a complaint from the copyright holder or a firm representing the copyright holder, we immediately block internet access to the files in question.

A notice is also sent to the person / company, who's server hosts the copyrighted material, to remove the material from the hard drives.

Copyright holders must keep in mind that we only block specific links provided. Blocking a whole domain is prohibited by Lithuanian Republic laws, unless instructed by Lithuaninan law officials.

In cases where domains are hosted on CloudFlare or other proxy services, we contact the abuse team of each proxy service provider to have the real IP address.

To file a complaint, please contact us at abuse@balticservers.com
